Index to Volume 64 (January–December 1989)

SUBJECTS

Academic Medical Centers
Affiliation with VA hospitals, 61
Guidelines for addressing HIV infection, 335
HIV and medical education, 349
Leadership transitions, 507
Need for self-regulation of research, 502
Reorganization, 1, 7
Resources and limitations for foreign nationals' education, Supp. 1 (May) S13
University presidents, 579
Academic Medicine
Creating special themes, 699
Essay contest winner, 649
Reorganization, 20, 22
Admissions
Applicants
dilemmas, 240
effect of Vietnam War on numbers, 567
legislation on testing, 776
predicting the yield in admissions, 458
Criteria and subsequent performance, 482
Medical College Admission Test, 482
Reapplicants, 219
Allied Health Professions
AIDS training, 280
Education research, 295, 587
Effect of Vietnam War on applicants, 567
Foundation support, 657
Government support for, 19
International activities of U.S. health professions schools, Supp. 1 (May) S33
Nurses in clinical medical education, 508
Nursing education in Asia, Supp. 1 (May) S22
Nursing-medicine relationship, 67, 70, 83
U.S. role in international education, Supp. 1 (May) S13
Ambulatory Care Training
Administration, Supp. 2 (Oct.) S27, S58
Conference on Ambulatory Care and Education (1989)
characteristics of participants, Supp. 2 (Oct.) S67
proceedings, Supp. 2 (Oct.)
recommendations, S50–S66
Database, Supp. 2 (Oct.) S62
Difficulties, Supp. 2 (Oct.) S9
Existence in medical schools and VA facilities, Supp. 2 (Oct.) S1
Factors influencing, in VA, Supp. 2 (Oct.) S4
Medical students
difficulties, 644, Supp. 2 (Oct.) S9
in internal medicine, 36
in occupational health, 327
in VA facilities and medical schools, Supp. 2 (Oct.) S9
planning and developing, 644, Supp. 2 (Oct.)
recommendations for, Supp. 2 (Oct.) S15, S50–S66
with community physicians, 51
Need for, 253, 259, 644, Supp. 2 (Oct.) Sv, Svi
Quality assurance, Supp. 2 (Oct.) S21
Recommendations, Supp. 2 (Oct.) S15, S51–S67
Reimbursement, VA, Supp. 2 (Oct.) S63
Residents, 36
recommendations for, Supp. 2 (Oct.) S15, S51–S67
Systems
Johns Hopkins, 1, 7
Association of American Medical Colleges
Alan Gregg Lecture, 113
Annual awards, 135
Annual meeting, 513, 658
Chairman's address, 55
Data Reports
HIV/AIDS education, 552
minorities, 418
NRMP, 486
specialty choices, 630
teaching and non-teaching hospitals, 692, 782
Focus (activities), 21, 82, 145, 196, 250, 309, 385, 443, 513, 582, 659, 777
From the President
Academic Medicine, 20
animals in research, 384
annual meeting, 658
cabinet appointments, 144
choice of specialties, 442
community service, 512
NIH compensation, 193
NRMP, 308
research, 79
university presidents, 579
VA, 247, 776
Gus Carroll Memorial Lecture, 182
Papers
committee reports on AIDs and the academic medical center, 335, 349
framework for policies to deal with misconduct in research, 559
President's address, 119
Role in international medical education, Supp. 1 (May) S3
Statement on professional responsibility in treating AIDS patients, 341

Basic Sciences
Microbiology and immunology, 685
Nutrition, 105, 506
Pharmacology, 438
Physiology, 202

Bibliography, 52, 107, 172, 225, 281, 330, 419, 489, 555, 634, 694, 783
Book Reviews
AIDS guide for primary physicians, 140
AIDS patient agenda, 767
Becoming a medical specialist, 769
Bibliography of William Osler, 303
Biography of Thomas Hodgkin, 140
Bioethics cases, 769
Clinical decision making, 306
Disease, and popular press, 772
Illness in White House, 301
Influence of Pasteur in France, 304
Leadership transition, 507
Medical profession, 302
Medicine under the Nazis, 766
Nutritional anthropology, 506
Obstetrics and gynecology, 141
Principles and practice of medicine, 510
Rise and decline of bedside medicine, 765
Role of nurses in clinical medical education, 508
Treatment in U.S. and W. Europe, 305
U.S. health care system, 770

Clinical Problem Solving
Biotechnology computing, 379
Clinical decision making (book review), 306
Constraints of short-term memory, 550
Medical informatics, 207
Students cannot formulate hypotheses, 548
Clinical Sciences, by Specialty
Anesthesiology, 142, 391, 485
Certification exams, 149
Distribution, 583, 588, 595, 600, 606, 610, 616, 622, 630
Emergency medicine
evaluation of residents, 49
four-year program, 275
Family medicine
academic promotion and tenure, 270
characteristics of medical school and effect on specialty choice, 610
clerkship impact on attitudes toward primary care, 546
effect of current revision on specialty choice, 285
effect of nutrition education, 99, 103
financing graduate medical education, 154
practice locations, 400
self-assessment by clerks, 279
use of diagnostic tests and consultations, 390
Geriatrics
health needs of aged in Third World, 75
Internal medicine
clerkship readings, 168
combined residency with pediatrics, 519

developing central division of general internal medicine, 363
evaluating clerks, 463
evaluating procedural skills, 213
inpatient spectrum for clerks, 279
interns' performance in interviewing patients, 277
selection criteria for interns and subsequent performance, 480
sex differences in faculty rank attainment, 198
strategy to improve residency programs, 415
use of diagnostic tests and consultations, 390
use of time in clerkship, 691
Nephrology, 677
Obstetrics-Gynecology
education research, 587
evaluating clerks, 463
Pediatrics
combined internal medicine-pediatrics residency, 519
specialty choice, 600
training with families, 780
Psychiatry
attribution of control in psychiatric residents, 47
computer use in training residents, 485
Radiology
sex differences in faculty rank attainment, 198
Surgery
community preceptorships, 405
physicians' transfusion practices, 681
Commentary
Health services research, 312
Maternity-paternity leave, 518
Native Americans in medicine, 388
Physician-patient relationship, 664, 665
Rural health care, 665
Writing skills, 662, 663
Computers
Database on ambulatory care, recommendations, Supp. 2 (Oct.) S62
In biotechnology, 379
In providing clinical feedback, 142
In training psychiatry residents, 485
Medical Informatics
biotechnology computing, 379
clinical problem solving, 207
in medical school environment, 187
overview, 13
Stanford training program, 575
Problem-solving exams, 685
Continuing Medical Education
Research on physician drop-out, 251
Transfusion medicine, 681
Curriculum
Ambulatory settings, 639
Components
evaluating diagnostic tests, 51
graduate medicine
ethics, 262
management training, 45
medical informatics, 207
reduction of laboratory tests, 410
research methods and statistics, 32, 223
transfusion medicine, 217, 681
medical informatics, 207
nutrition, 84, 95, 98, 103, 186, 586
patient interviewing, 170, 245
preventive medicine, 74, 148, 280, 673
research training, 32, 223
undergraduate medicine
AIDS, 552
dilemmas of curriculum and selection, 240
ethics, 266
history taking, 474
independent study, 653
literature on physicians and patients, 390
notifying survivors of patient's death, 505
occupational health, 17
physiology, 202
transfusion medicine, 681
with community physicians, 51
Electives schedule, 391
Information science, 575
Innovations in Medical Education (column), 12
assessing change, 378
career counseling by alumni, 574
clinical preventive medicine, 74
evaluation and clinical feedback using computers, 142
independent study, 653
notifying survivors of patient's death, 505
nutrition, 186
patient interviewing, 245
simulated job interviews, 438
student-initiated curriculum analysis and change, 300, 755
Need to teach problem solving, 548
Problem-based, 285, 423, 673
Revision, 25, 202, 253, 259, 285, 295, 300, 313, 378, 423, 446

Editorials
Academic Medicine, 22
